All rights reserved. Commercial use of this plan is strictly prohibited.
Any illustrations in this plan showing the installation of engines, R/C equipment and mechanical gear for several purposes are to be considered as mere recommendations, the installation instructions of such components being dependent on the state of their respective development at the time of installation.
In case that other than the recommended gear should be installed modifications in the construction of the model may be required to accommodate such equipment. Delivery of individual items subject to availability.
